

# The 2022 Innovations in Geriatrics Education Showcase

Sponsored by the University of California San Francisco and Johns Hopkins University Divisions of Geriatric Medicine

## Purpose

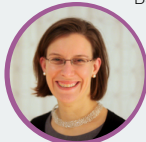

This inaugural, virtual showcase seeks to advance geriatrics education by presenting innovations, stimulating a national dialogue around education-related inquiry/scholarship, and highlighting thought leaders in geriatrics education across the learner spectrum.

## Hour One: Featured Presentations

Angela Catic, MD MEd  
Baylor College of Medicine

*Physician Assistant Geriatric Residency: A Novel Approach to Targeting the Workforce Shortage in Geriatrics*

Andrea Wershof Schwartz, MD MPH  
Harvard Medical School

Catherine M.P. Dawson, MD  
Boston University School of Medicine

*A Longitudinal OSCE with an Aging Patient: Preparing Medical Students to Deliver Age Friendly Care*

Ryan Chippendale, MD  
Boston University School of Medicine

Mariu Duggan, MD MPH  
Vanderbilt University Medical Center

*GERIAtrics Fellows Learning Online And Together (GERI-A-FLOAT): A sustainable model of learning & support during a pandemic*

## Hour Two: Networking

Presenters and attendees network to discuss education-related themes, challenges, and potential collaborations

**WEDNESDAY, OCTOBER 26TH, 2022**  
**1-3PM PDT/3-5PM CDT/ 4-6PM EDT**
