

Li-Wen Huang, M.D.

EDUCATION

2016-present Hematology/Oncology Fellowship, University of California San Francisco, CA
2013-2016 Internal Medicine Residency, Duke University Medical Center, Durham, NC
2008-2013 M.D., Duke University School of Medicine, Durham, NC
2003-2007 A.B. in Neurobiology (*cum laude* with honors), Harvard University, Cambridge, MA

PROFESSIONAL EXPERIENCE

2015-2016 Assistant Chief Resident, Duke Internal Medicine Residency
2013-2016 Resident, Duke Internal Medicine Residency Program, Durham, NC
2010-2012 Doris Duke Clinical Research Fellow, Aging Brain Center, Institute for Aging Research, Hebrew SeniorLife, Boston, MA
2006-2007 Research Assistant, Center for Sleep and Cognition, Beth Israel Deaconess Medical Center, Boston, MA
2005-2006 Research Assistant, Mass General Institute for Neurodegenerative Disease, Boston, MA

HONORS AND AWARDS

2014-2015 Duke Internal Medicine Faculty-Resident Research Grant Recipient
2011-2012 Doris Duke Clinical Research Fellowship, Harvard Medical School
2011 American Academy of Neurology Medical Student Summer Research Scholarship
2011 Medical Student Training in Aging Research Program Scholar, Harvard Medical School
2010-2011 Harvard-wide Translational Research in Aging Training Program
2010 Medical Student Training in Aging Research Program Scholar, American Federation for Aging Research
2007 Harvard University Thomas Temple Hoopes Prize for outstanding senior theses

PUBLICATIONS & PRESENTATIONS

Publications

1. Payne JD, Schacter DL, Propper RE, **Huang LW**, Wamsley EJ, Tucker MA, Walker MP, Stickgold R. The role of sleep in false memory formation. *Neurobiol Learn Mem.* 2009 Oct;92(3):327-34.
2. **Huang L-W**,* Inouye SK,* Jones RN, Fong TG, Rudolph JL, O'Connor MG, Metzger ED, Crane PK, Marcantonio ER. Identifying Indicators of Important Diagnostic Features of Delirium. *J Am Geriatr Soc.* 2012 Jun;60:1044–1050. (*co-first authors)
3. Tuchman SA, Bacon WA, **Huang L-W**, Long G, Rizzieri D, Horwitz M, Chute JP, Sullivan K, Engemann AM, Yopp A, Li Z, Corbet K, Chao N, Gasparetto C. Cyclophosphamide-Based Hematopoietic Stem Cell Mobilization Before Autologous Stem Cell Transplantation in Newly Diagnosed Multiple Myeloma. *J Clinical Apher.* 2015 Jun;30(3):176-82.
4. **Huang L-W**, Tuchman SA. Comment regarding recommendation for intrathecal vincristine in Yellu et al., “Overview of recent trends in diagnosis and management of leptomeningeal multiple myeloma.” *Hematol Oncol.* 2015 Jun.
5. **Huang L-W**, Anand S, Hassan S, Onwuemene O. Bruised black and blue: Acquired hypoprothrombinemia. *Am J Med.* 2015 Nov;128(11):e7-e11.
6. **Huang L-W**, Bacon WA, Cirrincione C, Peterson B, Long G, Rizzieri DA, Horwitz M, Sullivan K, Corbet K, Chao N, Gasparetto C, Tuchman SA. Efficacy and safety of high-dose chemotherapy with autologous stem cell transplantation in senior versus younger adults with newly diagnosed multiple myeloma. *Hematol Oncol.* (Accepted)

Abstracts and Presentations

1. **Huang L**, Inouye SK, Fong TG, Rudolph JL, Marcantonio ER. Review of Systems for Delirium: A Framework to Advance Understanding and Recognition. Am Geriatr Soc. May 2011. (poster)
